

# To the Citizens of Luverne...

I would like to serve as your mayor. I have had a wonderful life in the "Friendly City" and I have served in many capacities. However I've never served in city government.

Here are my priorities for Luverne:

- ★ I would be dedicated to putting Luverne and it's citizens first. My office will be open to the citizens.
- ★ Continuing progress for Luverne, with an emphasis on showing priority towards the citizens of Luverne
- ★ Minimized government– local government should be streamlined until it is working at its maximum efficiency. Workers who are responsible for doing a job, will also have the authority to get it done.
- ★ Accountability from all city employees– our local government will work better if everyone knows they will be held responsible for what they do. If jobs are not being done properly, we will get to the root of the problem and correct it as quickly as possible.
- ★ All decisions concerning Luverne should be made with the citizens' best interests in mind

Please remember to vote on August 24.  
We need your vote and support.

## William Beall for Mayor
